

Contact Albio

It is a pleasure to serve the residents of New Jersey's 13th District. I want to hear from you so I hope that you will contact me with your comments and concerns. I have five Congressional offices with experienced staff to assist you.

My Washington D.C. office primarily deals with legislative issues. I have four New Jersey offices with staff available to assist you in dealing with problems you may be experiencing with federal agencies. Please refer to my Constituent Services section to obtain more information on these services.

My offices are open Monday through Friday to serve you. You may stop in any of my Congressional offices for assistance or you may contact me via e-mail, telephone, fax, or U.S. mail. Please be advised that all written correspondence sent through the U.S. Postal Service to the Washington office could take as long as one month to reach me. This delay is due to security concerns and mailroom screening procedures. I will respond to you at the earliest possible time. To expedite this process, however, I recommend that you correspond with me via e-mail or fax whenever possible.
